

X-SMALL Ageing +12^{YEARS OLD} For very small dogs up to 4 kg

From 12 years old

*Please note: Kibble not shown to scale.

HIGH PALATABILITY & HIGH REHYDRATION

Thanks to its exclusive formula, the X-SMALL AGEING +12 kibble easily rehydrates to help ageing dogs eat with appetite.

Healthy ageing management

Formula which supplies a selection of nutrients to support ageing in healthy dogs. Contains EPA-DHA and a patented complex of antioxidants. Renal function can decrease with age. X-SMALL AGEING +12 has been formulated with an adapted phosphorus content.

HEALTHY TRANSIT

Very small breed dogs are prone to constipation. A balanced intake of fibres (including psyllium) helps facilitate intestinal transit and contributes to good stool quality thanks to highly digestible L.I.P. proteins.

CARDIAC HEALTH

The formula contains the nutrients necessary to help support good cardiac function in ageing dogs.

DENTAL HEALTH

Helps reduce tartar formation thanks to the calcium chelating agents.
