ODOUR REDUCTION

A lack of exercise may lead to a slower digestive transit which can result in soft, smelly faeces. **INDOOR²⁷** contains highly digestible proteins, appropriate fibre content and specific nutrients to promote good digestion and contribute to reducing stool odour.

MODERATE ENERGY CONTENT

A moderate calorie diet, adapted to the lower activity level of indoor cats, to help maintain ideal body weight.

HAIRBALL REGULATION

Helps stimulate intestinal transit and the elimination of ingested hairs thanks to a combination of non-fermentable and fermentable fibres.
